1. We have south-facing roofs in town that are languishing, and the 2016 fed deadline approaches. No companies seem ready to place their panels (CSA model) on municipal buildings.
2. Do the HEC members want to propose a town, HEC, or private ownership of a CSA on town buildings?
3. We could purchase time from Jeff Forward to evaluate costs
4. Knox suggested HEC create a CSA business model for the townspeople to follow.
5. Where do we want to go with this?
