I think we need to save Gillette pond! Gillette pond is home to a lot of our wet land Creatures. If this dam falls the creatures move too! Do you want that to happen? I don't think many people and animals would like that. Because on the pond you can ice skate, swim, and go fishing. The animals in Gillette pond really don't want to die! Think about it this way, Would you

cherise 12/12/13

like it if you were a tiny animal and your home got distroyed and you died? I know I wouldn't like it. Anyway Gillette pond is important to a lot of living beings.

From,

Cherise
