7 pm Meet with Selectboard about Capital Planning, Church hall

The meeting began at 6:50 pm; chaired by Everett Marshall.

Public Comment: No public was present.

Minutes: Joe Segale moved to approve the minutes of August 8, 2016 as submitted; second by Everett Marshall. Approved unanimously.

Member Business – Preparation for planning meeting with Selectboard at 7 pm.

Everett Marshall led the discussion, confirming the HPC's September schedule:

September 12, 7 pm – Public meeting on Flood Hazard Regulations

September 26, 7 pm – Energy Planning with CCRPC and Huntington Energy Committee

Both meetings are at the Community Church of Huntington.

All Hazard Mitigation Plan is due to be discussed by the Selectboard. Is the HPC going to be involved?

Once Land Use Regulations are complete, Marshall said, "We need to meet to get direction." Joe Segale talked about the trails plan. To this, Marshall responded that the Town Plan needs to be updated by September 2019. He proposed developing a timeline and scope that involves funding. Mark Smith lobbied for implementing items already in the Town Plan. Marshall then said that the HPC needed an assessment of what town committees are doing since some of these items could already be in progress.

Marshall then talked about solutions to issues already in the queue: water/wastewater in the village, stormwater. Terry Ryan commented that the HCC (Huntington Conservation Commission) has a grant to address the salt shed runoff.

Another topic discussed briefly is getting back to CCRPC about the comments and questions made about the proposed HLUR. All agreed that Marshall should respond and copy the rest of the group.

Adjournment: The meeting adjourned when the HPC members left the building to attend the joint meeting with the Huntington Selectboard.
