Reports/Guests: Clinton "Yogi" Alger

- ^ Alger presented information on the new slide on Camel's Hump road, including a rough estimate of repair cost at \$100,000.00. The road has been reduced to one lane and will remain closed to all but local traffic until the necessary repairs have been made.
- ^ Alger presented information on material in the quarry that is used by the town and the necessity for another blast to have enough material to repair the damage on Camel's Hump and the Main Road South of Carse Rd. It is estimated that 5000+ yards of rock will be required to make the repairs.
- ^ Alger asked the Selectboard to approve the repairs to Camel's Hump Road, Main rd, and the blasting as three separate projects to be submitted to FEMA.
- ^ It was noted that three estimates will be required/provided to FEMA, and Alger said he would get the estimates from Tatro, Palin, and Scott.
- ^ Alger suggested, and the Selectboard agreed, that the town use flagging staff to prevent hikers from using the closed road during the Labor Day holiday.
