DATE

*[Signature]*  
October 13, 2015

Present:

- Selectboard Members: Dori Barton, Roman Livak, Nancy Stoddard and Helen Keith
- Sign-in sheets: See separate list of 58 additional attendees who work and/or live in Huntington

Call to order at 7:16 pm

**Welcome & Introductions**

- Selectboard Chair Dori Barton thanked everyone in attendance - and recognized all the hard work of the Town's board, committee and commission volunteers, providers of various services for members of the community, and employees.
- Barton introduced the Selectboard - who served an appreciation dessert to attendees.
- Tours of the Town Hall Building were given by members of the Town Hall Committee.

The group reconvened at 7:40 pm for the public hearing portion of the meeting.

**Public Hearing: Overview of the use of VCDP funds awarded to the Town & Opportunity for Comments from the public**

- Barbara Felitti, Chair of the Town Hall Committee (THC) introduced the Town Hall Committee members - Aaron Worthley, Terry Boyle, Mariah Riggs, Linda Fickbohm and also acknowledged support from "friends" of the Town Hall Committee Helen Keith and Dick Kellogg.
- Felitti explained the accessibility modification project and the work done for the project. She also gave an overview of the next phases of work for the building envelop (roof and insulation) and for structural and interior systems (floor and plaster work), and an overview of the longer term plans for the building. Funding sources for the accessibility work were acknowledged: the Vermont Community Development Program (VCDP), Vermont Arts Council, Town Conservation Fund, and Huntington Historic and Community Trust (HHCT). There was also discussion about uses of the building in the past and possibilities for the future.
- Questions were asked about plans for using the building going forward and what the charge/cost to the community would be for building use. Felitti explained that the THC had interviewed other towns to get ideas for prices to charge and on how they managed use of their buildings. THC member Worthley noted that the Town Hall is the community's building for municipal and community use, and that the TCH invites members of the community to share their thoughts and feedback with the committee.
- A question was asked about kitchen facilities. THC member Fickbohm noted that at present, the kitchen facilities are limited to warming food (as opposed to full food preparation facilities), and that the committee is looking for a new refrigerator. A community member noted that she has a unit for sale, and the THC will follow up with her after the meeting. Worthley mentioned that there are many code requirements that need to be in place to have a fully functioning kitchen. Selectboard member Keith emphasized that the use of the building can change over time.

- Community member Megs Keir commented that she liked the accessibility improvements.
- A member of the Volunteer Fire Department asked whether the Fire Department could hold their CPR refresher class and other training for the fire department at the Town Hall, as the space at the fire station is too small for these purposes. Committee members said that this would be a great use of the building.

Meeting adjourned at 8:25 pm.

09/28/2015: Meeting date

10/02/2015: Draft minutes published and posted on the Town website

10/05/2015: Minutes approved by the Selectboard

10/09/2015: Minutes forwarded to Town Clerk for recording & posting on Town website.
